3. Check your Email Inbox, follow the Security alert from Google, unblock via put Less secure apps access ON.

Google Account Help

## Less secure apps & your Google Account

If an app or site doesn't meet our [security standards](#), Google might block anyone who's trying to sign in to your account from it. Less secure apps can make it easier for hackers to get in to your account, so blocking sign-ins from these apps helps keep your account safe.

If "Less secure app access" is on for your account ▼

**If "Less secure app access" is off for your account** ▲

If "Less secure app access" is turned off for your account, you can turn it back on. We recommend switching to more secure apps instead.

### How more secure apps help protect your account

安全 | <https://myaccount.google.com/lessecurapps>

ccount

## ← Less secure app access

Some apps and devices use less secure sign-in technology, which makes your account vulnerable. You can turn off access for these apps, which we recommend, or turn it on if you want to use them despite the risks. Google will automatically turn this setting OFF if it's not being used. [Learn more](#)

Allow less secure apps:  ON

4. Then test again and you can get email alert from NVR.

The screenshot shows the NVR web interface with the 'Email' configuration page open. The 'Email' settings are as follows:

- SMTP Port: 465
- Sender: cn.dengyuan@gmail.com
- Sender's Address: cn.dengyuan@gmail.com

Below the settings is a table showing the status of sent test emails:

No.	Recipient	Recipient Address	Status	Description
1	cn.dengyuan@...	cn.dengyuan@gmail.com	✓	The test email is sent. Please check.

At the bottom of the interface, the 'Primary' email inbox is visible, showing a list of received alerts:

Time	Subject	Sender
7:13 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D3)	me
7:12 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D3)	me
7:12 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D3)	me
7:12 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D3)	me
7:09 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D1)	me
7:02 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D1)	me
6:55 PM	Device Alarm(EVENT TYPE: Motion Detection, CAMERA ID: D1)	me
